REGENERATE WATER BOTTLES

Sustainability, Convenience & A Lasting Impression!

Regenerate bottles are made from recycled beverage containers which gives them a 65% smaller carbon footprint than regular plastic bottles. This represents a huge step forward in the global effort to protect the environment. Approved by the FDA for direct food contact RPET is completely safe and can be recycled like traditional plastic bottles.

Bottled water with your logo on it provides a portable convenience to your guests and can yield great promotional value to you. Your concierge can still impress when he hands a bottle to a guest running out the door for a morning's jog and your guests can still be delighted when your car attendant offers them a bottle before they leave for a drive. And, you'll still gain the lasting memory of your guests when they return to their room after turn-down service and find a bottle of your water by their bedside.

DESCRIPTION	PACKED	(Minimum 72 Cases) PRICE PER CASE
16.9 oz (Half Liter) Clear Bottle with twist safety cap	24	ONLY \$12.95*

BAMBOO COTTON TOWEL COLLECTION

Silky soft 65% combed cotton and 35% bamboo. Extra touches like double needle stitching and double hems add both luxury and durability. This luxurious towel collection is made of the finest bamboo and cotton yarns and utilizes the best of both components. The bamboo yarn comes from the bamboo tree which grows in a pesticide free environment. Its natural anti-bacterial characteristics are hygienically ideal for daily use.

ARE YOU PROTECTED?

Protect your investment with Protect-A-Bed® mattress and box spring encasements

BED BUG PROOF ECONOMY MATTRESS ENCASEMENT

Protect-A-Bed economy mattress encasements are a less expensive alternative made with nonwoven fabric instead of polyester material. The top surface is waterproof, breathable and bedbug bite proof. Allergen and dust mite barrier, bedbug entry and escape proof. The bite proof fabric is manufactured with reinforced seams and Bug Lock zipper with Secure Seal prohibiting bedbug entry and escape. These encasements are constructed with nonwoven fabric bonded to the proprietary Protect-A-Bed Miracle Membrane.

PHARMACOPIA

Natural and Organic Bodycare

PHARMACOPIA GUEST AMENITIES

Our new brand of natural and organic body care. Made with post consumer recycled bottles. All materials are recyclable. Contains certified organic ingredients. Contains natural ingredients with authentic healing remedies. Cruelty-free and vegan: No animal by-products, no honey, lanolin or beeswax. Paraben and toxin-free. No synthetic fragrances, fillers or colors. Pharmacopia is a lot more than natural and organic. Our wholistic approach to personal care promotes health and wellness inside and out. Our gentle infusions of herbs and oils and unique blends of antioxidants, vitamins and premium essential oils are designed to keep skin young and healthy, naturally.

We believe what you put on your skin is just as important as what you eat! We shun the use of artificial colors, fillers, fragrances, synthetics and parabens. Instead we pack our products full of healthy, plant based, nourishing ingredients like shea butter and sea algae. The authentic benefits of our aromatherapy products help restore a healthy balance of body, mind and spirit.

LAUNDRY AND VALET BAGS

Our line of paper laundry/valet bags are made especially for your guests' convenience. Whether you use them as part of your valet service, or as a complimentary bathing suit bag, your guests will appreciate your thoughtfulness. Other uses include: shopping bag for your gift shop, shoe shine bag, etc. Please contact us about customizing these bags. They can be used as a giveaway for guests or a bag to solicit orders for your on-premise laundry service. Made from 70% preconsumer recycled natural kraft. Recyclable.

Packed: 500 • Color: Brown with green imprint
 Size: 14" x 22" x 3.5"
 Comp No.: BE005.....\$77.95 /cs.

TSHIRT BAGS

Manufactured with d2w® eco-compatible additives. The new additives will permit the bags to decompose over a reasonable period of time (approximately two years) while ensuring the same strength, high quality, and price of a standard HDPE carry-out bag. Exposure to sunlight, heat, moisture, and outdoor elements triggers the degradation process which will accelerate degradation of the bags. Unlike other eco-friendly plastic packaging options such as compostable film, Blue Ribbon's eco-compatible bags are safely recyclable with conventional plastics.

Packed: 1000 • Color: White
 Size: 12" x 7" x 22"
 Comp No.: AI100.....\$39.95 /cs.

Cabinet Dimensions: 13½" W x 38¼" H x 10" D

Comp No.: E.9571.....\$399.00/ea.

POOL BLANKET IN A PILL

Saltwater Compatible

- Prevents Pool Water Evaporation and Heat Loss with an Invisible Layer of Non-Toxic, Biodegradable Film
- The Solar Pill will be empty after 1-2 days in the skimmer. Once empty you can remove the Solar Pill and enjoy its effects for up to 30 days
- Inhibits pool water heat loss 24 hours a day
- Works at approximately 60% the effectiveness of a conventional plastic solar blanket, at a fraction of the cost and effort
- Simply place the Solar Pill in the pool skimmer basket and enjoy warmer pool water for up to 30 days
- Patented Time-Release Delivery System for Complete Coverage
- Will NOT be affected by Automatic Pool Cleaners

Swimming pools lose energy in different ways, but evaporation is easily the most significant cause. Evaporating water requires a lot of energy. It only takes 1 BTU to raise 1 pound of water 1 degree, but each pound of water that evaporates takes 1,048 BTU's of heat out of the pool.

Blanketing your pool when it's not in use is the most effective way to reduce pool heating costs. Savings of 50-70% are possible; but taking a cover on and off all the time is a hassle. The SolarPill is 100% easier to use. This product may help qualify for LEED WE points.

AP72 For Pools up to 30,000 Gallons

Use multiple SolarPills for larger applications
