

Cleaner Equipment

First impressions are always very important. Therefore, the fast and efficient cleaning of public spaces and the application of best practices of health and safety always helps ensure businesses provide a welcoming environment for employees, visitors and guests.

Blue Ribbon Supply offers a huge range of cleaning equipment, enabling professionals to quickly vacuum up contaminants in lobbies, corridors and guest rooms, to easily clean up spills and stains wherever they appear, and to consistently maintain the very best appearance of any facility surface.

We offer efficient and productive cleaning options (such as vacuums, scrubbers, extractors, and spotters) to put cleanliness and hygiene first, keeping your facilities clean and safe. Explore our wide range of professional housekeeping and janitorial cleaning equipment designed to help improve efficiency, results and the user experience for your staff. Although designed for heavy expert use, each equipment model has also been designed to be easy to operate and maintain while showing little signs of wear and tear over time.

CLEANMAX® PRO-SERIES UPRIGHT COMMERCIAL VACUUM CLEANERS

CleanMax Pro-Series Upright Commercial Vacuums are built to stand up to the toughest cleaning challenges day after day. With metal components used throughout high-wear areas of the vacuum combined with a "clean air" system designed to protect the motor, CleanMax Pro-Series 10 AMP upright commercial vacuums are as easy to own and maintain as they are to use. All models have a 14" (36.6 cm) nozzle, feature automatic height adjustment, HEPA media filtration, rubber wheels with brass bushings, two (2) 30' ft. (9.14 meter) commercial grade power cords, and are "Silver" rated by The Carpet and Rug Institute. 2 year motor, One year manufacturer comprehensive warranty.

CLEANMAX® ZOOM UPRIGHT CORDLESS COMMERCIAL VACCUUM CLEANER

Keep the speed, lose the cord with the CleanMax Zoom 800 Cordless Commercial Vacuum. Having the right tool for the job makes all the difference. The Zoom 800 with a decibel rating less than 70 dBA is an ultra-lightweight commercial vacuum that makes vacuuming quick and almost effortless. The aggravation of winding and unwinding the cord is eliminated thanks to the powerful 44-volt lithium ion battery pack which keeps the Zoom running at top cleaning power for approximately 50 minutes per charge and the power stays strong through the end of the battery charge. At the press of a button, green lights indicate how much full power battery life remains and the red light signals it's time to recharge or swap batteries (a battery will recharge in less than two hours). Features include: ultra-bright LED headlight, 50-minute interchangeable battery pack, on/off switch on the deluxe rubber molded handle, polycarbonate nozzle and bottom plate, rubber squeegee for bare floor cleaning, circuit breaker motor protection, convenient carry handle, metal handle tube, automatic height adjustment, 6 rubber wheels, wheel axles, brush roll and an upright stop. Best of all, there is no messy electric cord to deal with! One year manufacturer comprehensive warranty.

CLEANMAX® ZOOM UPRIGHT COMMERCIAL VACUUM CLEANERS

Meet the CleanMax Zoom, the world's fastest vacuum! Weighing only 8-9 pounds (3.6-4.1 kg.), this new ultra-lightweight upright vacuum cleaner from CleanMax combines maneuverability with tremendous cleaning power to complete any vacuum task quickly and comfortably. The CleanMax Zoom is also built with tough polycarbonate materials and a metal handle tube to ensure this upright is durable enough to stand up to the toughest projects for an extended period. All Zoom vacuums have earned a Gold rating from The Carpet and Rug Institute (on low speed setting) and feature a powerful 5.5 AMP Motor, thermal motor protection, aggressive agitation (using brush-propelled sensing), a large 3.5" (9.65 cm) diameter fan (for powerful air flow), an automatic height adjustment, rubber wheels with brass bushings, and a 30-foot (9.1 Meter) commercial cord. UL Approved. 1-Year manufacturer comprehensive warranty.

SEBO® ESSENTIAL G2 UPRIGHT COMMERCIAL VACUUM CLEANER

The Essential G is a super durable, technically advanced, commercial-grade upright vacuum cleaner. The power head sizes has four-level manual height adjustment, effectively clean carpets and hard-floor surfaces, and have excellent pet hair removal. The model features an electronic controller that acts as a brain, alerting users to a worn brush or when brush height is set too high for optimal cleaning. Also, the vacuum shuts off automatically when a full bag, a clog, or a brush roller obstruction occurs, which protects the motor, belts and carpets from damage. The Essential G2 is powerful, yet quiet, and will provide years of reliable use! It even has an exterior housing with a scratch and scuff-resistant matte finish and a soft-start feature that extends motor life. Additional features include excellent filtration, a giant 1.4 gallon bag, an extra-long 40' cord, protective rubber-coated wheels, a low 5.5" horizontal cleaning profile that fits under beds and furniture, and tool-free brush roller removal for replacement or bristle cleaning. All SEBO models include a FREE 7 year warranty on the motor, and a 5 year warranty on non-wear parts and labor charges. On-board tools include: Crevice nozzle, dusting brush & upholstery nozzle.

SEBO® AUTOMATIC X SERIES UPRIGHT COMMERCIAL VACUUM CLEANERS

The Automatic X is the world's most technically advanced and uniquely easy-to-use vacuum cleaner. It is quite possibly the world's best pet vacuum. With two power head widths, it features truly automatic height adjustment, using an electronic controller that measures the resistance of the spinning brush roller against the floor, and then it signals up or down adjustments which ensures optimal performance on both carpets and hard floors. The user is also alerted to clogs, a worn brush, or a full bag, and the vacuum automatically shuts off when brush obstructions occur, to protect the motor and belts from damage. Also has an instant-use cleaning wand and suction hose, a lifetime belt warranty, tool-free brush roller removal, a 40' ft. power cord, and three on-board tools. All SEBO models include a FREE 7 year warranty on the motor, and a 5 year warranty on non-wear parts and labor charges. On-board tools include: Crevice nozzle, dusting brush & upholstery nozzle.

ORECK® UPRIGHT COMMERCIAL VACUUM CLEANERS

The Oreck Commercial Upright Vacuum is a commercial grade vacuum that offers all the power and performance you expect from an Oreck. This versatile upright makes it easy to keep your business clean. It gets up close to cabinets and baseboards and fits easily under most furniture, clothes racks, chairs and desks. Weighing about 9 lbs., it is lightweight and covers a 12" wide area which makes cleaning easy and quick. It has the exclusive Microsweep feature that allows you to switch from carpet to bare floors with no adjustments. The 40' ft. power cord is connected to the pigtail cord using a cord clamp, allowing you to easily replace a damaged cord without expensive repairs or re-wiring. This model comes with a 1 year commercial warranty as well as a 1 year warranty on the belt.

PACIFIC WAV-26 WIDE AREA UPRIGHT VACUUM

Purposely designed for “anytime” use with the lowest sound levels in its class, the Pacific WAV-26 Wide Area Upright Vacuum is the newest and most advanced 26” (66 cm) wide area upright vacuum. In fact, it is the only 26” upright vacuum to hold the C.R.I. (Carpet & Rug Institute) Seal of Approval. Designed for large carpeted areas, the Pacific WAV-26 thoroughly vacuums a 26” path in one pass. The WAV-26 has a 24” (61 cm) brush roll with 2” (5 cm) of edge cleaning for a total vacuuming path of 26” (66 cm). It maneuvers easily around obstacles, while the motorized carpet brush helps propel the machine, minimizing operator fatigue. The chevron bristle pattern draws dirt to the vacuum intake for efficient cleaning. With 5 different brush height adjustments, you can set the brush at the perfect height for optimum recovery on any style carpet.

Equipped with the latest features and specifications, the 1/3 HP brush motor drives the carpet brush at 1,200 RPM for effective dirt and debris recovery. The dual 1.15 HP vacuum motor provides generous 94 CFM pick-up power for thorough cleaning. Both motors are protected from dust by secondary filters, which remove easily for cleaning and inspection. The standard replacement paper bags for the WAV-26 are huge, holding 4 gallons (15.5 Liters) of dry debris, allowing the operator more time for productive cleaning. Simple fingertip controls make operation easy for any individual. A built-in hose, wand and on-board tool kit add convenience for off-the-floor cleaning.

Warranty: 5 years on rotationally-molded tanks and 1 year on all other components.

PACIFIC WAV-30 WIDE AREA UPRIGHT VACUUM

The Pacific WAV-30 Wide Area Upright Vacuum is a vacuum with the C.R.I. (Carpet & Rug Institute) Seal of Approval that was originally designed to vacuum large areas (like airport facilities, hotel lobbies and ballrooms, restaurants, and office settings) in a small amount of time. It has many unique features like its 30” (76 cm) wide low-profile head to allow for cleaning underneath desks and tables, and, its 25’ ft. (7.62 meter) extendable hose and turbo floor tool to help the operator clean tight spots using the same vacuum. The 4-row, 180° chevron bristle patterned brush draws dirt to the vacuum intake for extremely efficient cleaning. With 5 different hand adjusted brush height adjustments, you can set the brush at the perfect height for optimum debris recovery on any style carpet. In addition to these amazing features, the low level sound output allows for vacuuming during business hours without interruption and the handle folds down for an incredibly compact vacuum for storage. You might say this wide area upright vacuum has everything going for it!

To add to the utility of this vacuum, the easy lift out hopper holds 1 bushel (about 37 quarts or 35 liters) of debris when fully loaded. Powered by two 1 HP single stage motors for superior recovery. Large rear wheels and front easy rolling casters make this model a highly maneuverable, easy to use commercial vacuum. Warranty: 5 years on rotationally molded tanks and 1 year on all other components.

PROTEAM® PORTABLE COMMERCIAL VACUUM CLEANERS

Across various flooring types, around obstacles, and on details high and low, ProTeam portable commercial vacuum cleaners meet and exceed the challenges of today's commercial buildings. In fact, a ProTeam backpack vacuum is 43% more efficient than a commercial upright vacuum, 30% more efficient than a canister, 52% faster than a dust mop. ProTeam commercial vacuums are designed for comfort as well as a new level of maneuverability, and carry a 3/3/3/Life Warranty for manufacture defects - three years on parts, labor and motor and lifetime replacement on molded body parts (some exceptions apply).

TIP

Vacuuming Best Practice

Any business can be free from problematic dust and debris if vacuuming is made a maintenance priority and is conducted on a set schedule.

1. Place floor mats around all entry points to a building to reduce the entry of outside dust, dirt and debris.
2. Dust window blinds, baseboards, and higher objects before vacuuming floors.
3. Always vacuum the same area multiple times and in multiple directions to help pull up dirt and debris more effectively.
4. Follow a regular schedule (e.g. a particular day of the week, etc.) to help ensure floors are always clean.
5. Make sure the filter bag is replaced and/or canister emptied on a regular basis to ensure the vacuum is working at its peak effectiveness.
6. If something is spilled on a carpet, it should be treated immediately to minimize the likelihood of a long-term stain. This will keep a carpet in peak condition and enhance the result of your vacuuming efforts.
7. Remove small objects from the floor before vacuuming to make it easier to clean the floor and to prevent these objects from damaging equipment.
8. Choose the correct vacuum setting and use the best tool available to get the best results. For example, shaggy carpets and hardwood floors can be cleaned best using an appropriate setting and a specific tool.

CLEANMAX® BACKPACK VACUUM

Featuring an ergonomically-designed shoulder harness and belt, the CleanMax Backpack Vacuum makes it easy to clean on, around and in between furnishings. Despite the quiet motor, cleaning is powerful enough to move embedded dirt, whether it is on hard floors, carpet, ceilings or furniture. The CleanMax Backpack has also earned a Gold rating from The Carpet and Rug Institute and comes complete with cleaning tools and a 1-year manufacturer's comprehensive warranty.

CLEANMAX® CORDLESS BACKPACK VACUUM

The CleanMax Cordless Backpack Vacuum features the exceptionally comfortable 5-Point adjustable harness designed by Deuter (the world's leader in professional hiking equipment) to provide unrivaled comfort for maximum productivity. State-of-the-art lithium ion battery technology for up to 55 minutes of continuous cleaning and over 900 charge cycles. At the press of a button, green lights indicate how much full power battery life remains and the red light signals it's time to recharge or swap batteries. The battery can then be fully recharged in less than 2.5 hours or can be swapped out for a fresh battery without removing the backpack for the task at hand. The backpack's 4-Stage filtration system includes a HEPA media filter cartridge for improved indoor air quality. Every CleanMax Cordless Backpack Vacuum includes a 1-year manufacturer's comprehensive warranty.

TIP

Dry Extraction Carpet Cleaning

The HOST® Dry Extraction Cleaning System is a proven method for achieving green, clean and dry flooring that looks its best every day. HOST is Green Seal Certified, USDA BioPreferred Certified, 100% Biobased, and recognized as a Champion in the EPA's Design for the Environment SDSI Program. HOST's environmental scores for the National Institute of Standards and Technology's Building for Environmental and Economic Sustainability Life Cycle Analysis are the best in the carpet cleaning category, leaving HOST with the smallest environmental footprint around. In fact, using the HOST Dry Extraction Carpet Cleaning System can contribute to earning credits to achieve and maintain US EPA LEED building certification. Unlike other green cleaning systems, the HOST System goes beyond green cleaning and may also contribute to Innovation in Operations credits regarding water and wastewater conservation, energy conservation, and integrated pest management.

HOST® APPLICATOR DRY CARPET CLEANER

The applicator has three "smart settings" light, medium and heavy soil. The applicator reduces material costs by dispensing an accurate, controlled amount of HOST product (see page 53) and helps lower labor costs. Lightweight and maneuverable, it is ideal for commercial or residential use. For HOST cleaning chemicals, please see pages 51-52.

EDIC BRAVO PORTABLE CARPET EXTRACTOR & UPHOLSTERY CLEANER

This 17 pound upholstery cleaner and carpet extractor delivers incredible efficiency and power in a deceptively small package. There is no set up time required. Simply unload and begin cleaning immediately. The EDIC Bravo's compact size and maneuverability make it ideal for spot cleaning and quick cleaning of small carpeted areas, upholstery and auto interiors. Operators will appreciate the specially designed molded-in holders that carry spray bottles, leaving the hands free. The upright-mounted vacuum motor and oversized recovery tank combine to ensure longer motor life. The Bravo automotive unit comes complete with a vacuum and solution hose assembly and a stainless-steel auto-detailing tool. Warranty: 2 years on parts & labor, lifetime on rotationally-molded housing. Made in the USA.

PACIFIC SELF-CONTAINED CARPET EXTRACTOR & SCRUBBER

The Pacific Floorcare SCE-11 self-contained extractor and scrubber is a compact, fully-automatic cylindrical carpet scrubber with the C.R.I. (Carpet & Rug Institute) Seal of Approval. With a 16" (approximately 41 cm) wide cleaning path, it is engineered to clean areas that are impossible to clean with conventional scrubbers and extractors. Four spray jets, each with 100 PSI, ensure rapid soil suspension for optimal recovery while its 4-row, 180° chevron bristle patterned brush agitates the carpet fibers to quickly dislodge embedded soil. The chevron brush also floats when in use to evenly scrub different carpeted areas – an important key to achieving the C.R.I. Seal of Approval. When put in storage mode, the brush lifts off the floor, promoting long brush life. The SCE-11 recovery tank can easily be emptied with the dump valve located on the back of the machine. You can also use the pump out hose to rinse the dirty water tank, while draining your clean water tank at the same time. Warranty: 5 years on rotationally-molded tanks and 1 year on all other components.

IPC EAGLE CT45 AUTOMATIC SCRUBBER

The IPC Eagle automatic scrubber features an innovative design that ensures maximum productivity in a compact scrubber. Key features of the CT45 include an adjustable and foldable handle (180 degrees to assist operator to clean under desks, chair and tables or other low surfaces), a removable recovery tank, a V-shaped squeegee (to achieve best drying results on any surface), an easy-to-use control panel and an Eco Select setting. Eco Select permits to decrease energy consumption and increase running time by 20% in every day cleaning operations. Noise level is down to 62Db allowing cleaning operations even in sensitive areas. Programmed maintenance is longer with consequent cost reduction. Performance covers 17,000 square feet per hour with a battery that can last 2-hours.

12167

IPC EAGLE CT15 AUTOMATIC SCRUBBER

The IPC Eagle ECS CT15 high speed automatic scrubber is compact in size (a 14" cleaning path with 4 gallon tank) but it provides the high productivity and long battery life of a larger scrubber. It is perfect for areas where automatic scrubbers are too large. It is uniquely designed to clean and polish sealed and non-sealed floors in just one process. The adjustable multi-position handle (180 degrees) on the CT15 allows many applications with maximum comfort to the operator, even in narrow areas. This chemical-free mechanical cleaning approach physically removes the soil as it polishes the surface - drastically cutting the cost of labor and chemicals while eliminating frequent burnishing.

- Reduces water consumption 80%-90%
- Reduces chemical consumption up to 80%-90%
- Reduces labor time up to 30-50%

Using our battery powered ECS CT15 scrubber together with our high-speed microfiber scrubbing system, you will use less water, chemicals, and time.

EDIC CR2 RESTROOM CLEANING & RESTORATION SYSTEM

The CR2 restroom cleaning machine combines a pressure washer with a powerful vacuum system for touch-free cleaning that effectively deep cleans restrooms in public facilities. Where traditional methods of cleaning like mopping just push dirt and grime around, the CR2 breaks dirt and grime loose from porous and hard-to-reach surfaces so it can be effectively removed with the systems squeegee and vacuum. The CR2 comes equipped with a powerful 550 psi pump for cleaning and pressure washing power, a 3-stage vacuum system with 138" of water lift for quick and effective water and soil recovery, and a built-in hose and wand caddy system to easily transport the machine and all the necessary tools to the job site. Manufacturer's warranty 5 year parts & labor, lifetime on housing.

EDIC REVOLUTION TILE & GROUT CLEANING TOOL

The Revolution is a feature rich, tile & grout cleaning tool that provides smooth operation while cleaning hard surfaces. At only 13 lbs., the Revolution reduces operator fatigue. A rugged, durable design insures long life and it works on even and uneven surfaces like concrete and tile and can be used with a portable extractor or a truck mount extractor. Time saving features like an inline filter catches dirt before it can clog the spray tips preventing costly downtime. The T-handle design allows side to side as well as front to back operation. 5 years on parts & labor, lifetime on poly base. Made in USA.

GUEST LUGGAGE RACKS

An essential for any guest room, a luggage rack provides a convenient place to store a suitcase after a long day of traveling and keeps guests from putting dirty luggage on the furniture. When customers no longer need the luggage rack, the rack can be folded and stored under the bed or in the closet so that it is out of the way and ready for the next guest.
