# Blue Ribbon Supply

YOUR PREMIER SOURCE FOR

# ENVIRONMENTALLY FRIENDLY PRODUCTS

## ***“We specialize in the little details!”<sup>SM</sup>***

We are very pleased to present you with our latest environmentally friendly green catalog – created especially for you! One quick look and you will see that it is complete with all the products and solutions your business needs every day.

With one phone call, fax or visit, we deliver what you want from one source. Our team is available to serve you and has the technical expertise to help you manage overall procurement costs.

## ***“Blue...is green!”<sup>SM</sup>***

Blue Ribbon Supply's headquarters (office, warehouse and parking complex) located in South San Francisco, California has been awarded the USGBC (U.S. Green Building Council) **LEED®-EB O&M Gold** designation.

Our property features the use of nontoxic cleaning products, green enhancements such as water-efficient landscaping, the use of natural outdoor lighting, power generation from a 19kW rooftop solar powered photovoltaic system, and even small details such as the use of recycled copy paper, bio-friendly plastic waste bags and floor matting made of recycled materials. The company has also implemented an extensive green cleaning program and an internal recycling system.

LEED-EB O&M stands for Leadership in Energy & Environmental Design for Existing Buildings Operations & Maintenance. Developed and administered by the USGBC (U.S. Green Building Council), LEED for Existing Buildings addresses whole-building cleaning and maintenance issues (including chemical use), recycling programs, exterior maintenance programs, and system upgrades.

## ***“Contact us today!”***

Learn how to become a leader in improving the maintenance of your own existing commercial and institutional building by contacting us today. Our friendly and knowledgeable customer service representatives are here ready and waiting to help you. We look forward to hearing from you today!
