GARBAGE BAGS

Our high density polyethylene bags adhere to the same standards that we impose upon our linear low polyethylene bags. The plastic we use is extra strong and makes a crinkle sound when touched. This is due to the density of the plastic and has no effect on the performance. You'll find our high density bags are an excellent value for trash and laundry use.

⊕ Made with some recycled plastics.

DELIVERY SYSTEM

In order to provide you with the finest service, we schedule our truck deliveries according to the list shown. Delivery within our truck area is free when your order totals \$250 or more! If you require any order below \$250, no problem — we only charge a \$20 delivery fee for orders under \$250. Please be aware that we have a \$20 minimum on all orders. We must have your order by noon on the day before the scheduled delivery day. This allows us the capability to give you next-day service.

If you are located in Oregon, Nevada, or an area in California not covered by our Local Delivery Network, we pay your freight on all items, except laundry vending supplies, when your order totals \$875 or more (before applicable taxes). If your order is below \$875, we ship F.O.B. South San Francisco using the most economical means possible (our large shipping volume allows you to receive freight discounts when you order from Blue Ribbon Supply).

We ship throughout the world!

PRONATURE® - AMENITIES

ProNature is a unique amenity line that celebrates nature with the purest ingredients, finest quality formulas and most eco-sensitive packaging. This product line has been designed for the exclusive use of Blue Ribbon Supply customers and has been formulated to care for your guests in the finest style – while protecting our environment.
